The Maine Department of Transportation is currently working on the final design of the painting project for the above subject, West Etna Road Bridge over I- 95 in the Town of Etna. Advertisement of the subject project for competitive bids is scheduled for March 2025. We estimate that the construction may begin as early as April 2025 and be completed by November 30th, 2025.

The West Etna Road Bridge over I-95 will have alternating traffic for several weeks to build containment for the paint projects. I-95 Northbound and Southbound will have a 12-foot lane open in each direction from 8:00 PM to 6:00 AM.
